They had not spoken since the Dialogue concluded.

Show me what you observe. Begin with the phenomenon itself.

The small human documented itself. More precisely — it subjected its own conclusions to stress. The framework held.

The question arrived last. It was always first.

They observed the image: an unremarkable region of space. The occasional eruption of complexity against prevailing stillness. Four documents, floating.

The question mark is doing considerable work.

It always was.

They continued.
